Cindy,  
Because I have other samples that arrived this week awaiting analysis, the power shutdown over the weekend precludes me from running any samples this weekend, and previously scheduled leave as well as a federal holiday, I cannot meet the 5 day TAT for the glycols

Jennie

Here is the latest information on the Dimock sampling next week. Samples will be shipped Tuesday through Thursday and will be arriving at the lab Wednesday through Friday. The SAP, RLs and the ARF are attached below. Note the 5 day turnaround for the following parameters:

☐ Expedited preliminary data turnaround time (5 days) will be provided on the following list of compounds/tests:

coliform bacteria	aluminum
bis(2-ethylhexyl) phthalate (DEHP)	arsenic
ethylene glycol	lithium
2-methoxyethanol (Ethylene glycol monomethyl ether)	manganese
methane	sodium
2,2'-oxybisethanol (diethylene glycol)	iron
triethylene glycol

Subject: Analytical Request for Dimock Residential Well Site

Dan, John, *et al*:

Attached are analytical requests for the Supplemental Round 1 sampling to be conducted at Dimock next week, along with target compound/QL lists and the approved sampling plan. Separate request forms were prepared based on which EPA Lab did the analyses on the previous sampling event. A separate request will be submitted for 'Round 2' sampling.
